ADDICTIONS DON'T DISCRIMINATE

Through the power of storytelling, this exhibit offers a glimpse into the complex world of addiction. Uncovering the human experience that lies beneath the statistics and stigma. Shared stories, shown in connection to one another, push us to look beyond someone's substance use and into the lived experience of each individual with empathy and compassion, to help us understand that *Addictions Don't Discriminate!*

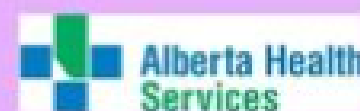

Bring your own Device and Headphones to scan QR codes in the exhibit (optional)
